

Disadvantaged gaps at St Joseph's

Introduction

This analysis shows performance gaps between disadvantaged and non disadvantaged pupils within your school and against national performance. The aim of this analysis is to:

- Provide schools with evidence to support Ofsted inspections; and
- Further improve outcomes for pupils who have been eligible for free school meals at any point within the last six years and looked after children/children adopted from care.

The analysis shows in-school gaps, national disadvantaged gaps and national non disadvantaged gaps.

Cohort sizes

It is important to consider cohort sizes as small base numbers can have a large impact on percentage/APS figures:

School total cohort sizes (at the time of the assessments)
