Year 6's Trip to the Science Museum

This week Year 6 went off on an exciting trip to the Science Museum to learn all about electricity! We found out lots of information about how electricity is used in the home and how this has developed over time. We were all fascinated by the old fashioned burglar alarm as it was very inventive but also very strange compared to what we are used to! We had great fun trying to make the automatic doors work and loved discovering how the sensors work!

A highlight of the trip was seeing a real race car completely powered by solar energy! All of Year 6 were completely fascinated by this!

Gospel

The kingdom of heaven is like this:
A King gave a great party for his son's wedding. Lots of people were invited. But when the time came, they would not come to the wedding. The King sent his servants. 'Tell them the party is ready.' But the invited guests weren't interested. The King was angry, he sent his servants into town. 'Invite everyone you meet!' all sorts of people came to the wedding, good and bad alike and the party was full!

Year 6 students transferring to secondary school in September 2018

The deadline for applicants to submit a secondary transfer application is **Tuesday 31st October 2017**

If you require any help please ask the office.

Harvest Festival

Last chance to send in your harvest festival item. Please support local charities by donating any of the following, tin food, especially custard and rice pudding. Pasta, cereal or any non-perishable food that is unopened and in date. Please give it to staff in the classroom. Hampers will be made by each class.

Attendance Winners
18th Sept - 22nd Sept 2017
