Me as a learner:

I hope you enjoy this week's activities. Please remember to share your work with me via email.

Reflecting on Year 1:

As we come to the end of Year 1, I would like you to reflect on your achievements this year.

Although this year has been a little different to most, you have achieved amazing things. The Year 1 Team, and I are SO proud of you all.

I have posted a video on our Year 1 blog page showing some of the fantastic things you accomplished this year in Year 1.

Below is a template for you to use or recreate in your own way with reflections on the Year.

How I learn best:

Today I would like you to reflect on yourself as a learner. How do you think you learn best?

Think about the different subjects, Maths, English, Phonics, Science. What methods do you like to use to help you to understand your work?

Do you like using resources like the cubes to help you in Maths?

In English do you like to have your sound mat nearby to help you with your spellings?

Have a think and make some notes for Mr Puszyk ready for September.

Preparing for Year 2:

Finally, it's time to think about what you would like Mr Puszyk to know about you and what you would like Year 2 to look like.

Now that you have thought about yourself as a learner and you can share this with Mr Puszyk. I would like you to think about what you would like to happen in Year 2.

Who would you like to play with during Year 2?

Do you have any questions for your Year 2 teachers? What are you looking forward to the most about Year 2?
