## Gospel 26<sup>th</sup> Sunday

Jesus said: "I will tell you a story about a man who had two sons. Then you can tell me what you think.

"The father went to the older son and said, 'Go work in the vineyard today!'

His son told him that he would not do it, but later he changed his mind and went. The man then told his younger son to go work in the vineyard. The boy said he would, but he didn't go. Which one of the son's obeyed his father?"

"The older one," the chief priests and leaders answered

Then Jesus told them "You can be sure that tax collectors and bad women will get into the kingdom of God before you ever will! When John the Baptist showed you how to do right, you would not believe him. But these evil people did believe. And even when you saw what they did, you still would not change your minds and believe."

### We are a Nut Free School

Some of our staff, students and visitors have a severe allergic reaction to nuts and peanuts. Severe allergic reactions result in anaphylaxis and can be fatal. Because of this we are a Nut Free School and ask that children do not bring peanuts, nuts and products containing either into school.

### Illness & Absence

If a child has one or more of the main coronavirus symptoms below, they must stay at home and be tested to see if they have COVID-19.

- a new continuous cough
- a high temperature (37.8 degrees or above)
- a loss of, or change in their normal sense of taste or smell

If your child develops one or more of the main symptoms described above, only they should be tested. There is no need for anyone else in the household to be tested, unless they have symptoms.

If your child has symptoms of COVID-19, however mild, self-isolate for at least 10 days from when their symptoms started.

After 10 days, if they still have a temperature you should continue to self-isolate and seek medical advice. They do not need to self-isolate after 10 days if they only have a cough or loss of sense of smell or taste, as these symptoms can last for several weeks after the infection has gone.

If your child has a water bottle in school please can you make sure that it is only filled up with water.
